

The Technical Search Specialist is responsible for performing the search function of the task force incident operation. The Technical Search Specialist reports directly to the Search Manager.

The Technical Search Specialist is responsible for:

- Searching structures in US&R environments or other locations indicated in the mission assignment using appropriate technical search equipment and techniques.
- Documenting locations of alerts and, if possible, triaging the status of victims for rescue.
- Adhering to all safety procedures
- Cooperating with and assisting other search and rescue resources.
- Accountability, maintenance, and minor repairs for all issued equipment
- Performing additional tasks or duties as assigned during a mission.
